

Neurological Breakthrough Speeds Learning

Expressways to Learning is what its name implies, a quick way to learn the vast array of skills require to communicate in English. Proven to increase achievement rapidly with lasting retention in reading, spelling, comprehension, vocabulary, and math.

For the advanced reader there is Quikcomp. It applies the same learning techniques for acceleration beyond the basics.

Testimonials

I just wanted to thank you for all your hard work. When my son started he was reading far below grade level. Now he is consistently reading at, or above, grade level. He is even passing his spelling tests. I hope other parents take advantage of the ETL program here at Christ Lutheran.

Thank you for all of your work with my child this year. It has really helped them to grow. Thank you that you run the ETL program. It's a huge help and blessing!
